SoundSoftware Code Site - Bug #218

Feature # 36 (In Progress): associate publications with projects

Feature # 175 (New): New Publications Page

Page says "Add another author" even though publication has no authors

Description

When I add a publication, the Add Publication page comes up with no authors and with no author edit fields visible. However, the link to add an author says "Add another author" as if there was an author present already.

Now it always says "Add an author" -- this seems less incongruous to me and saves us having to change the text depending on state.
